**Project Title:** WORM Subject Planner

**Description:** WORM Subject planner is a mobile platform application made to help students, teachers, and office workers organize their plans and notes according to subjects or categories. It will contain a scheduler, calendar, notes pad, and doodles pad specially designed for the user's convenience.

**Context Diagram:**

**Entities:**

- Students – People attending school who do class tasks, pass academic requirements, prepare for examinations and recitations, and more
- Teachers – People teaching at schools who give lectures, compute their students' grades, prepare examinations and recitations and more
- Office Workers – People working in the corporate field who do office tasks, plan meetings and appointments, prepare requirements for their department, and more

**Major Inputs:**

School Subjects or Categories  
Notes  
Activities

---

## Tasks

### *Major Outputs:*

Calendar Containing Activities  
Scheduler Containing Tasks  
Notes Pad Containing Typed Notes  
Doodles Pad Containing Notes from Touchscreen

### *Major Functionalities:*

Creation  
Editing  
Deletion  
Arrangement  
Categorization  
Storage
